DISCUSSION OF THE TABLE OF PERMISSIBLE USES

Mayor Clawson asked Mr. Bill Bailey, Director of Planning and Inspections to come to the podium to present a Power Point presentation of the Unified Development Ordinance draft containing the proposed Table of Permissible Uses (**Powerpoint permanently on file in the February, 2011 Boone Town Council packets**). Mr. Bailey handed out a draft copy of the UDO and a copy of the Power Point presentation to each member present at this meeting. Mr. Bailey said that the previous UDO draft handed out at the last workshop meeting on January 26, 2010 is now a reference document. Mr. Bailey said that he would like to have more future workshops to keep the Town Council members and the Planning Commission members updated as the staff completes more proposed changes to the Table of Permissible Uses.

Mr. Bailey suggested that the next workshop meeting be a month from this meeting. It was the consensus of the Town Council members and the Planning Commission members to schedule the next workshop meetings on March 29, 2011 at 5:30 p.m. and on April 26, 2011 at 5:30 p.m.

Mr. Bailey went over each slide of the Power Point presentation and answered questions on various slide topics. Mr. Bailey explained what the P and the L means in the draft. Mr. Sam Furguele, Town Attorney explained the difference in the T-1 and T-2 in regards to transitional zones. Mr. Bailey and Mr. Furguele explained the intent behind each proposed use and gave examples, when questions arose. Mr. Bailey outlined all of the proposed new uses and explained that they would need definitions written for them.

ADJOURNMENT

With no further business, Mayor Clawson adjourned the workshop meeting at 8:19 p.m.
